

**REMARKS**

By this Amendment the specification has been amended to refer to new Figures 7-10 (see concurrently filed Letter Re Drawings) and to explain their showings based on the original specification and claims, and claims 1, 4, 7 and 8 have been amended to better define the intended subject matter. It is believed that the examiner's outstanding objection relative to the drawings and formality rejection against the claims should be withdrawn and the claims properly evaluated.

Respectfully submitted,

DYKEMA GOSSETT PLLC
